

The Jim Martin STEM \$1000 Scholarship is named for the chief engineer of the Anthem Veterans Memorial. This scholarship honors his mathematical and engineering talents and his dedication to the Anthem community. Mr. Martin volunteered to serve as the chief engineer for the Anthem Veterans Memorial project. He developed the engineering specs, secured permits, determined material requirements, and served as the project manager for the build. His efforts guaranteed the key functioning elements of the Memorial so that at 11:11 a.m. on each Veterans Day (November 11), the sun's rays shine a solar spotlight on the Great Seal of the United States. Jim Martin's expertise and volunteerism exemplify the importance of sharing one's talents with the community.

The Jim Martin Stem Scholarship provides a \$1,000 scholarship to two graduating high school students who reside in Anthem, AZ and have excelled in mathematics and exemplified service to the community. The Anthem Way Foundation and two donors provide the scholarships.

About the Anthem Veterans Memorial

The Anthem Veterans Memorial (AVM), located in Community Park, is a monument dedicated to honoring the service and sacrifice of our country's armed forces. It is a place of honor and reflection for veterans, their families, and friends. A place to show respect to those service members who have and continue to courageously serve our country.

About the Anthem Community Council

The Anthem Community Council is directed by a volunteer board and executive staff that sets and supports the policies in our master-planned community. Three homeowners' associations, managed and operated separately from the council, but also working together with us for the collective good and benefit of Anthem, support the community.
