

Anthem Neighborhood Watch Tips to Help Keep Your Neighborhood Safe

1. Let your neighbor know if the garage door is left open. Open garage doors are invitations for burglars.
2. Always lock your garage door (press the lock button the key pad) and lock the doors from the garage into the house at all times.
3. Call your neighbors if you see anything suspicious around or near their home. If there is something suspicious occurring, tell your neighbor to call 911 or volunteer to call it for them. Do not get involved with those involved in the suspicious activity.
4. Watch your friends' homes when they are away. Trade keys and contact numbers.
5. Volunteer to pick up mail or newspapers for out-of-town neighbors.
6. If you see newspapers accumulating, or any sign that your neighbors are away and may have forgotten to stop delivery, try to contact them or move the deliveries to an inconspicuous place.
7. Always have your emergency numbers on hand and stored in your phones.
8. Join the Anthem Neighborhood Watch at www.OnlineAtAnthem.com, click on Community Directory, and scroll down to Anthem Neighborhood Watch.
9. Become an ANW Block Captain.
