

## **Leash Laws Apply on Club Property**

As you may already know, the Club has received calls regarding concerns about dog owners allowing their pets to walk or play off-leash on Club property. Residents are reminded that Club policies prohibit recreational walking on the golf course by persons who are not playing golf, whether or not in the company of players. In addition, all dogs on Club property **MUST** follow the Maricopa County Leash Laws at all times. Those laws prohibit allowing your dog to run at large outside your property at any time. When you do take your dog outside of the home and your property, it must be restrained on a leash that is no longer than six feet in length. Please be considerate of others and obey the law---and, of course, Pick up the Poop. For more information about these laws or animal care and control, please visit [www.maricopa.gov/PETS](http://www.maricopa.gov/PETS).
